An ONC-ATCB 2011/2012 certified (by CCHIT) web-based EHR & Practice Management system

Simplify Documentation, Enhance Revenue

ZoomMD Electronic Health Record (EHR) and Practice Management (PM) system was designed by physicians, software engineers, and medical billing professionals working together to create an easy and intuitive system to simplify clinical documentation and enhance revenue.

ZoomMD is ONC-ATCB Certified by CCHIT. Our certification allows eligible providers to qualify for government (CMS) EHR incentive payments for adoption and meaningful use of an EHR.

ZoomMD is easy to acquire with a low monthly fee of \$395 per month per provider that includes our complete EHR and Practice Management system (including support and future product upgrades).

Salient Features

- **Flexible charting options** for quick documentation (templates & macros, dragon dictate, or transcription)
- **Patient Dashboard** provides a quick overview of the patient's chart
- **ePrescription** with e-refills, allergy and drug interactions, and formulary checks
- **Lab Orders and Lab Results** electronically integrated into charts
- **Patient tabs** allows you to work on multiple patient charts at once
- **Clinical alerts** allow you to set auto reminders for test and procedures
- **Document Management System** (DMS) integrates paper and fax documents
- **Patient Balance, Insurance Eligibility, Co-Pay, & Deductible** available at check-in
- **Appointment Scheduler with automatic patient reminders** minimize no-shows
- **Full medical billing with "clean claims" system** maximizes first-time payments, auto-claim generation minimizes data entry, real-time claims transmission, and online claims status
- **Meaningful use Dashboard** helps you stay on-track to receive EHR incentives
