Medical Billing & Collections Service

Medical Billing 

Lower Billing Costs, Improve Revenue

Metasolutions, Inc is a California corporation serving medical practices & healthcare organizations since 2004. We have received recognition for our fast, accurate, and results oriented billing that consistently produces high collections.

Our unique service combines the latest medical billing technology with highly experienced, certified billing professionals to obtain the highest possible reimbursement in the shortest possible time. Our medical billers work closely with your practice, as extended members of your team

By leveraging our strength in technology, we have developed our proprietary billing technology that ensure clean claims, reduces errors, automates manual processes, and transacts in real time with payers. This facilitates speed and efficiency, reduces errors, and produces highly accurate claims that get paid quickly the first time (minimizing denials and rejections).

As part of our medical billing service, we excel in our reporting and analytics capability. We are able to provide highly customized reports and analytics to help you in making business decisions.
